

To whom it concerns:

The Willoughby Brothers have entertained audiences since 2010 at the Rose of Tralee International Festival. Indeed they have become a highlight for many of those who attend.

One of their most popular performances is always the opening of our International Rose Ball which has an audience of over 1000 people. Each year the Willoughby Brothers have brought the audiences to their feet at this prestigious event, the highlight of the social calendar in Kerry. They have also been part of our Street festival programme many times entertaining audiences with their varied programme of beautiful songs and charismatic personalities. In 2011 they performed to over 20,000 people following the Rose of Tralee International parade in Denny Street.

The Willoughby Brothers are blessed with a sound that can only be achieved when siblings with great voices come together in harmony. The material that they perform has a wide appeal and you are guaranteed that their stage presentation is always polished and professional.

Having engaged the Willoughby Brothers for more than five years, this is true testament that they are an act that will consistently deliver and will highly entertain.
